

# La tecnologia

Parameter Name		Parameter Value	Remark
Structure size		120*120*30mm(L x W x H)	
Operating Voltage		DC 5V, <=200mA (POE Optional)	Needs stable power, don't use other power sources.
Weight		160g	
Data Interface		Standard network cable interface	The mode of data transmission with the host computer.
		Wi-Fi network interface	Optional module.
Indicator		Working status indication	Red, Yellow, Blue
Environment	Operating Temperature	-20 ~ 55°C	
	Storage Temperature	-30 ~ 75°C	
	Operate Humidity	5% - 80% (no condensation)	
	Storage Humidity	5% - 85% (no condensation)	
Frequency		430~435MHz	
Protocol		Private	
Transmit power		10db	
Receiver sensitivity		-110db	
Communication distance		20~70 meter	Depend on using environment

 A diagram of a small electronic device, possibly a smart label or tag, with various features labeled. The device is light blue and has a display showing a product advertisement for 'VINCE CAMUTO Women's Yuria Heeled Sandal' with a price of '\$123.00' and a '20% OFF' discount. The device has a barcode on the left, a small green LED light at the top left, and a red battery cover on the right.
